Don Casada

Clingman Dome

Notes

- The dots denoting home sites are sized for viewing, and are far larger than the actual homes. Each dot is a square with 125 feet per side, meaning each dot covers an area of about 0.36 acres. This is larger than some of the smaller tracts.
- Champion Fibre land extended into Sevier County, Tennessee. Since the focus of this work is on Swain County, only the Swain County portion is shown.

Scaling = 2500 ft/inch
Each grid square is 5000 ft x 5000 ft
